

**Description:**

An exterior lamp. The upper part is made of aluminium with a natural matte anodised silver finish and the body manufactured from UV stabilised opal polyethylene. The Boletus Outside C features a streetlamp style, its light body featuring a junction box built into the galvanised steel shaft, measuring 180 mm in diameter and 2500 mm long, and including an installation kit. Adapters are available to use the light body with other commercial shafts measuring 100 mm and 60 mm in diameter.

Materials:

Aluminium, PE and galvanised steel.

Certifications:

IP65
230V
